

1. Mix All Purpose Gold Ink with Clear Crackle Paste and apply to edges of page through stencil. Blend over it with inks to create a resist effect

2. Use various Brilliance and Memento Inks to add colour to a stamped image. Create focal areas on a blank background.

3. Add texture to plain and dull patterned papers by using Modeling Paste and a stencil. When dry enhance colour by adding ink

4. Cover plain paper with book paper and die cut elements using a manual die cut machine. Ink the elements using a dauber

5. Punch several circles from a large circle punch. Use a patterned scissor to cut a spiral into the circle. Use a quilling tool to create rolled flowers

6. Use a ruler and draw a border around your page. Use a watercolour pencil and a Fantastix tool/brush to blend the wax to add interest

7. Cut some photo mats larger and use a white journaling pen to draw interesting patterns. Fill with Liquid Pearls
